When Disaster Strikes ... Be Smart, Be Prepared, Be Responsible!

Parents and Teachers. The Governor's Office of Emergency Services has developed this coloring book to help children understand some of the basic things to do before, during and after a disaster. We hope the information is useful and informative and encourage you to contact your local OES office or local American Red Cross chapter for more information. You can also call the State OES Office of Public Information at (916) 845-8400 or visit us on the Web at www.oes.ca.gov.
